

Making life better

Betterway LLC is 100% USA based company operating from California specializes in creating, sourcing and manufacturing great products across several categories to our customers.

About US

We are vetted vendor for federal government of United States (CAGE 9PVP2) and also accredited supplier for the state of California, leveraging on our premier global supply chain and manufacturing capabilities with joint venture Lantern Science (Stock No. 831118) in personal care, consumable & health sectors, also strategic partnership alliance with fortune 500 manufacture conglomerate Hailiang Group (Stock Code SZ002203) & (NASDAQ: HLG), which allow us to deliver high quality and cost effective product line in the field of home appliance, chemical, copper, metal and industrial related sectors, we have manufacturing facilities located in USA, China, Vietnam, Thailand, Indonesia, Monaco and many more other operation offices worldwide.

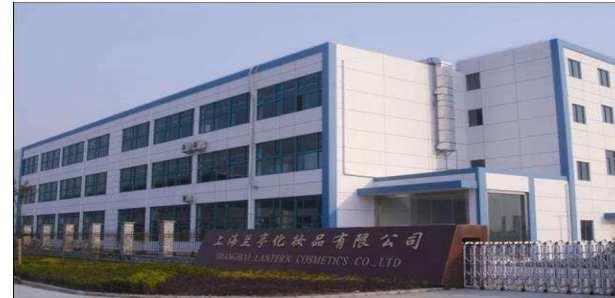

Our top notch supply management team, combined with our global partnerships and warehouse facilities, allows us the ability to secure top quality product and cost-effective solutions for client needs.

About Manufacturing Facilities

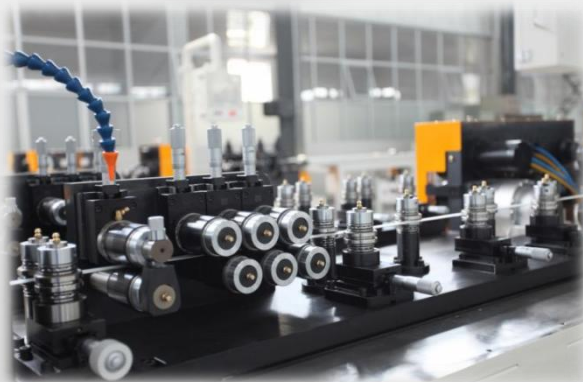

The Betterway methodology includes the complete adoption of the GMP regulations in the production of its products while complying with the USA/EU/International standards.

Our quality control staff uses AQL 1.5 and AQL 2.5 in order to maintain the highest quality standards for our customers. We audit our factories to enforce our strict social compliance guidelines. The Betterway Family takes its role in protecting the environment seriously; utilizing sustainable materials and washing methods providing an Eco-Friendly way of manufacturing.
